

CASUAL GRAPHIC DESIGN AND WEB DESIGN POSITIONS AVAILABLE.

Blue Penguin Design is currently seeking one or two individuals to complete website design and graphic design projects on a casual basis as a subcontractor. We are looking for either a web designer and a graphic designer or someone who can competently fill both roles.

Blue Penguin Design is a small, established graphic design and printing business based in Epping, Victoria. The business has been running for approximately 8 years and services a large number of customers from all over Australia with great success. Typically, our customers consist of small businesses, schools and churches. We are focused on serving predominantly the northern suburbs of Melbourne with graphic design, website design, printing and customer service of the highest quality.

As these positions will be available on a subcontracting basis, the successful applicant(s) will be required to work remotely from their own premises and have access to their own computer equipment, licensed design software, phone, internet connection and their own transport.

Experience or a degree is not essential, however a folio which demonstrates a good understanding of both the technical and visual elements of design is desirable. Individuals seeking to start a career in design are encouraged to apply. Availability during standard business hours is preferable.

As we are focused on providing excellent customer service to our customers, good people skills are essential. If you are interested in working with us, please email your resume and some examples of your graphic and/or web design work to info@bluepenguin.net.au

Kind regards,

Steve Crennan
Director
